

Withdrawal & Returns Review

PRAMOD NIKALJE FAMILY · AS ON 30 SEPTEMBER 2026 · PAN AFHPN1075J

The family portfolio stands at ₹12,00,143.77. Of that, ₹7,55,796.64 can be withdrawn today with no exit load. A further ₹1,15,026.64 can be withdrawn but is charged an exit load, and ₹3,29,320.48 is locked inside ELSS and cannot be touched.

What can be withdrawn

AVAILABLE NOW ₹7,55,796.64 No exit load, no lock-in. Withdraw in full or in part at any time. Pramod 7,11,289.45 · Amita 44,507.19	EXIT LOAD APPLIES ₹1,15,026.64 Can be withdrawn, but a charge is levied. Both holdings here are at a loss today. Pramod 56,599.05 · Amita 58,427.59	LOCKED IN ₹3,29,320.48 Two ELSS funds inside the statutory three-year lock-in. No fee releases them early. Pramod 3,29,320.48 · Amita nil
--	---	---

If the exit load is paid, the maximum withdrawable today rises to ₹8,70,823.28. We would not advise it — the ₹1,15,026.64 in that bucket is currently below cost, so exiting means paying a charge to book a loss.

Returns

XIRR ON THE LOAD-FREE MONEY (PRAMOD) 13.74% ₹4,24,984 invested is now ₹7,11,289.45 — a gain of ₹2,86,305.45, or 67.37% in absolute terms.			
HDFC Retirement Fund — Equity Plan ₹1,59,997 → ₹4,36,157 · 172.60% absolute	16.08%	Load-applicable money — Pramod HDFC Retirement Hybrid Equity Plan	−10.38%
Union Retirement Fund ₹1,59,992 → ₹1,70,851	4.51%	Lock-in money — Pramod The two ELSS funds, close to flat	−0.14%
HDFC Retirement — Hybrid Equity ₹1,04,995 → ₹1,04,281	−0.34%	Amita — load free / load applicable Nippon India Flexi Cap Fund	−0.78% / −5.22%

Why there is no single portfolio XIRR. XIRR is a money-weighted rate that depends on when each rupee went in. Rates measured over different pools of money cannot be averaged or added, so the figures above are stated per bucket, exactly as the source report presents them. The one sound whole-portfolio measure is the absolute return: ₹9,19,960 invested is now ₹12,00,143.77, a gain of 30.46%.

Before any withdrawal

- Withdrawing is not tax-free.** The load-free holdings carry gains of about ₹2.86 lakh, and capital gains tax will apply on redemption. The tax will be materially larger than any exit load elsewhere in the portfolio. Please tell us before you redeem so the timing can be planned with your CA.
- Take from the load-free bucket first.** It carries no charge and no restriction. The load-applicable holdings should be left until their load period ends unless the money is needed urgently.
- The ELSS money cannot be brought forward.** ₹3,29,320.48 stays locked until each instalment completes its three years. It should not be counted on for any near-term requirement.

Mutual fund investments are subject to market risk. Read all scheme-related documents carefully. Past performance is not indicative of future returns. Capital gains tax treatment depends on the rates in force and on each investor's position; please confirm with a chartered accountant before redeeming. Figures are taken from the Load Free Unit Report as on 30 September 2026 and reconcile to that report; differences of one paisa arise from its own rounding.

Holdings in detail

Family portfolio			38,749.4430	9,19,960.00	12,00,143.77	+2,80,183.77	30.46%

Reading the table

- **Two schemes appear twice.** HDFC Retirement Hybrid Equity and Nippon India Flexi Cap each show in two rows. Units bought at different times carry different exit-load status, so the same scheme can be part free to withdraw and part not.
- **One holding carries most of the gain.** HDFC Retirement Fund — Equity Plan has grown from ₹1,59,997 to ₹4,36,157 over roughly six and a half years. That single holding accounts for ₹2,76,160 of the family's ₹2,80,184 total gain.
- **The 30.46% in the total row is an absolute return,** not an annual rate. It is the only whole-portfolio return figure that can be stated soundly, because the bucket XIRRs cannot be combined.

Prepared by Opulencia Capital Private Limited, AMFI Registered Mutual Fund Distributor (ARN-207036), from the Load Free Unit Report as on 30 September 2026. Mutual fund investments are subject to market risk. Read all scheme-related documents carefully. Past performance is not indicative of future returns. This statement is for information only and is not a recommendation to buy, hold or redeem any scheme.
